DIAGRAM

INSTALLATION

1. Prior to connecting to a power supply, ensure the cable is in easy reach of a mains supply.
2. When hanging the festoon lights, ensure they are adequately supported and prevent any straining of the cable.
3. Connect to an appropriate 100V AC power supply and turn on, always check all LED lights are functioning correctly.

CLEANING

Use a soft cloth or cotton swab with water or medical alcohol to clean the lens. Care should be taken during cleaning. Allow the torch to completely dry before using. Do not use any harsh chemicals or abrasive materials when cleaning, as this may damage the torch.

DISPOSAL OF THIS PRODUCT

If at some point you intend to dispose of this product, please keep in mind that many of its components consist of valuable materials which can be recycled. Please do not dispose of this product in the household waste bin, check instead with your local council for recycling facilities in your area.

GUARANTEE

Lighthouse guarantees this product to the original purchaser for a period of **ONE YEAR** against any defects in material or workmanship but shall not cover damage caused by misuse, abuse, alteration or accident. This product is intended for domestic and trade use. In the case of products used for hire, the guarantee period is restricted to **THREE MONTHS**.

It is the responsibility of the purchaser to return any faulty or damaged products to the original place of purchase within a period of **ONE YEAR**. Lighthouse cannot replace or accept returns on products that exceed this guarantee period.
