

Carbon brushes

The polisher features cut-off carbon brushes. When the wear limit of the cut-off carbon brushes is reached, the polisher switches off automatically.

NOTE

Use only original parts supplied by the manufacturer for replacement purposes. If non-original parts are used, the guarantee obligations of the manufacturer will be deemed null and void.

When the polisher is being used, the carbon brushes can be seen sparking through the rear air inlet apertures.

If the carbon brushes spark excessively, switch off the polisher immediately. Take the polisher to a customer service workshop authorised by the manufacturer.

Gears

NOTE

Do not loosen the screws on the gear head during the warranty period. Non-compliance will deem the guarantee obligations of the manufacturer null and void.

Repairs

Repairs may be carried out by an authorised customer service centre only.

Spare parts and accessories

Spare-part/Accessory	Order no.
Side handle	194.034
Handle cover	259.403

For other accessories, in particular tools and polishing aids, see the manufacturer's catalogues.

Exploded drawings and spare-part lists can be found on our homepage:

Disposal information

WARNING!

Render redundant power tools unusable by removing the power cord.

Only for EU countries

Do not dispose of electric tools together with household waste material!

In observance of European Directive 2012/19/EC on waste electrical and electronic equipment and its implementation in accordance with national law, electric tools that have reached the end of their life must be collected separately and returned to an environmentally compatible recycling facility.

NOTE

Please ask your dealer about disposal options for redundant power tools.
